Suzanne Sparks-McNeil

You will love Suzanne's creative classes. Explore different mediums and tools to learn to paint and create colorful and interpretive artworks. You will love her joyful spirit and her kind and energetic ways to motivate each of us as we explore our own artist potential. Register for her Monday class today.

Melinda Morrison

Welcome back Melinda Morrison our newest oil/acrylic/gouache teacher. Melinda continues to excel in her art work with exhibiting her art in studios across the state. Melinda will work with students who like to paint in oil, gouache, and egg tempera. She brings a wealth of skills to teach and give our artists.

Lynda Conley

Lynda Conley has been an artist for many years but her passion is definitely pastels. Learning a new medium may be easier than you think. Her demonstrations cover techniques and lots of composition ideas. Pastel is a medium that advances the other mediums in how you apply the color. If you are an advanced pastel artist or just beginning, This is a great class. Pastels are shared by the students and you can come with nothing and she will help you get started. Register today for Lynda's Thursday class.

Linda McCall

Linda challenges her students with new ideas that range from composition to value to color to line & form and texture. Her enthusiastic and encouraging personality make art an enjoyable experience for all. Linda also teaches Art I & II in the fall where beginners can explore basic approaches in different mediums & techniques to determine where they can best use their skills. Register today for Linda's Monday beginner class and her Thursday intermediate class.

Bev Boren

Bev Boren is an all around artist. She can paint in most all mediums with drawing at its foundation. Bev has settled into watercolor where she teaches students to 'let the water work for you.' Her encouragement helps students to loosen up with their work and use a different perspective in critiquing our own work. Not only does Bev teach a wonderful watercolor class but she inspires us all to learn to draw. It is the foundation of all art. Her drawing classes help us to understand the importance of first draw then paint. Register today for Bev's Tuesday classes.

- Registration/payment should be paid in full 30 days prior to the first day of class. (Semesters may include 2 sessions & both must be paid in full by deadline).

3-DAY WORKSHOP WITH LANDSCAPE ARTIST **KIMBALL GEISLER**

LANDSCAPE PAINTING SIMPLIFIED - A DIFFERENT APPROACH TO UNDERSTANDING VALUE

OCTOBER 27, 28, 29
9:00 AM - 4:00 PM

The Woman's Club of Fort Worth Art Studio
1316 Pennsylvania Ave.
Fort Worth, TX 76104

COST: \$600 per person

This workshop focuses on developing a strong framework for tackling the subject of value. Students will spend time understanding two different aspects of value: form and design. They'll learn what these aspects are, how they complement one another, and how they detract from one another. Using value as a "lens" through which we can view other concepts in painting, students will have a new perspective on other areas such as color, edges, composition, and atmosphere. By the end of the workshop, students will have a new powerful tool in their kit that can be broadly applied to any subject, style, or approach that they may take. Beginner to advanced students.

Learning about being an artist is neverending!

ART ELEMENTS

The Art Elements are the building blocks we use to make artworks. They are Colour/Value, Line, Space, Form, Texture and Shape. We make art to express what we see, feel or imagine.

Colour & Value

Colours can be natural or man-made. Value is the lightness or darkness of a colour. Colours can be cool, warm, monochromatic & complementary.

Line

A line is a mark which moves from one place to another. The eye follows a line. Lines can be long, short, wavy, straight, thick, zig-zagged, curly, sewn...

Shape

A shape is created when a line joins to enclose an area. Shapes can be solid or outlined, geometric or organic.

Texture

Texture is the appearance & feel of a surface. Texture can be an illusion or physically felt. Texture can be rough, smooth, bumpy, abrasive, scaly...

Space

Space surrounds us, stretching to infinity or compressed into a balloon. Our perception of space can change according to distance between objects, perspective & tone.

Form

Form is the 3D representation of the 2D element of shape. Forms can be geometric or abstract. A sculpture is a 3D form.
