Our Teachers

Melinda Morrison - Wednesday

Melinda Morrison is our newest oil/acrylic/gouache teacher. Melinda continues to excel in her art work with exhibiting her art in studios across the state. Melinda will work with students who like to paint in oil, gouache, and egg tempera. She brings a wealth of skills to teach and give our artists.

Lynda Conley - Thursday

Lynda Conley has been an artist for many years but her passion is definitely pastels. Learning a new medium may be easier than you think. Her demonstrations cover techniques and lots of composition ideas. Pastel is a medium that advances the other mediums in how you apply the color. If you are an advanced pastel artist or just beginning, This is a great class. Pastels are shared by the students and you can come with nothing and she will help you get started. Register today for Lynda's Thursday class.

Linda McCall - Monday & Thursday

Linda challenges her students with new ideas that range from composition to value to color to line & form and texture. Her enthusiastic and encouraging personality make art an enjoyable experience for all. Linda also teaches Art I & II in the fall where beginners can explore basic approaches in different mediums & techniques to determine where they can best use their skills. Register today for Linda's beginner class and her advanced Critique class.

Bev Boren - Tuesday

Bev Boren is an all around artist. She can paint in all mediums with drawing at its foundation. Bev has settled into watercolor where she teaches students to 'let the water work for you.' Her encouragement helps students to loosen up with their work and use a different perspective in critiquing their own work. Not only does Bev teach a wonderful watercolor class but she inspires us all to learn to draw. It is the foundation of all art. Her drawing classes help us to understand the importance of first draw then paint. Register today for Bev's Tuesday classes.

"Art is just a series of adjustments...and Life is Art."

This workshop is perfect for those who want to hone their skills in portrait painting using mainly oil, pastel or acrylic mediums.

James has painted and sculpted his way to a very fulfilling niche for himself in the art world. For him, the journey along the way is the meaningful part of life. He sees his journey is in learning how to learn. Today he is a teacher as well as an artist who passes on his experience in art to many seminar and private students across the country. James is mostly a self taught artist but one of the people he gives credit to for most of "the good stuff" he knows about his art is the consummate master artist of Carthage, Missouri, Bob Tommey.
